

MAX AIR SYSTEMS

STAND ALONE TABLE

The **MAX AIR SYSTEMS** Stand Alone work table has been ergonomically designed to provide a safe and productive work environment for most sanding and grinding applications. The table top is available in several different materials that range from steel grate, fiberglass or high density plastics. Perforated metal as well as rubber are additionally offered. Standard features of the SA3060 are hinged side panels that are removable as well as a sealed light fixture. The suction inlet at the rear of table must be hooked up to a remote dust collector.
